Sheds Light On What

Is Suffered Today

This information shows that the coronavirus has a great deal of power. It hurts mankind but only a certain type of mankind.

It shows that the coronavirus cannot hurt the grass of the earth, nor any tree, but only mankind, and it shows only a

certain type of mankind.

Written 1,900 years ago, it shows that the victim's symptoms/immunity last for five months (moons). In that five months, pain hits every part of the body. The pain is shown to be so severe that the victim desires to die but death flees from the person.

Scientists from the United States and other nations have proven the facts stated above. In fact, that proof has been shown in many news articles.

That Prophecy with all details was written for us. It's to show the earth and the universe what we bring on ourselves when we practice sin. All 4,199 religions are practicing sin in this generation. They follow Satan, that old serpent, not Yahweh the Creator.

Past Covid-19 infection grants some immunity for at least 5 months, but people may still transmit virus – UK study

rt.com

14 Jan, 2021

A study by Public Health England has found that most people who have previously been infected with Covid-19 are protected

from catching it again for at least five months.

The study suggests that most people are protected from reinfection for at least five months, dispelling fears that immunity may be quickly lost.

The study's authors warn that those who have previously been infected may still be able to carry and transmit the virus...

Prophecy shows these plagues cause confusion. The following article proves that Prophecy true.

Memory loss, gnarled fingers, panic attacks: COVID-19 didn't kill these Americans, but many might never be the same

usatoday.com

Many of the 1.7 million Americans who've contracted coronavirus deal with lingering symptoms and a life unrecognizable from the one they had before.

The truth is, the plagues those people had previously—caused by practicing sin and shown as a Warning in the Sacred Scriptures—were only uncovered by the coronavirus, they weren't caused by the coronavirus.

Coronavirus survivor shares terrifying symptoms the CDC won't tell us about

One need only look at the sharp rise in coronavirus cases across the United States right now to see how serious this pandemic is. More than 3 million people in the US are confirmed to have been infected by the novel coronavirus, and more than 135,000 people in the country have died. Where case numbers are concerned, many experts believe the number of infections to be an order of magnitude higher than that already daunting figure. Since 40% or more COVID-19 cases are asymptomatic, we'll never truly know how many people in the US caught the disease.

In cases of COVID-19 where the patient does display symptoms, there are a handful of common coronavirus symptoms that everyone talks about most often. They're all listed on the CDC's website, and there are 11 of them: fever or chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, diarrhea. Those are indeed the most common symptoms doctors have encountered in patients being treated for COVID-19 infections, but there are several more severe coronavirus symptoms that hundreds of thousands of people around the world have experienced, and some of them are downright terrifying.

N+1 Foundation development manager Dani Oliver is a COVID-19 survivor who took to Twitter in an effort to shed light on her experience with the disease. She also sought to raise

awareness of how serious the novel coronavirus can be.

As Oliver puts it on Twitter, "It's not enough to not die. You don't want to live thru this, either."

Read and believe the Prophecy here:

Revelation 9:3-6

3 And there came out of the smoke locusts upon the earth; and to them was given power, as the scorpions of the earth have power.

4 And it was commanded them that they should not hurt the grass of the earth, neither any green thing, nor any tree—but only those men who do not have the Mark of Yahweh in their foreheads.

5 And it was granted to them that they should not kill them, but that they should be tormented five moons; months; and their torment was like the torment of a scorpion when it strikes a man.

6 And in those days men will seek death, and will not find it; and will long to die, but death will flee from them.

Now continue with the article:

"I am not unique," Oliver wrote of her severe and wide-ranging coronavirus symptoms. "Support groups have sprung up all over the internet because medical science doesn't know what to do with the hundreds of thousands of Covid patients who don't get better in the CDC guidelines of 2-6 weeks."

She continued, "The CDC is also refusing to add widely-reported, terrifying symptoms to their lists. So here's a grab bag of what patients like me are experiencing, so you know."

Oliver went on to share a laundry list of severe symptoms that

she and other COVID-19 patients she has come across have experienced. Here's a portion of them, as quoted from her thread on Twitter:

- Extreme tachycardia. My heart rate was once 160 while I was sleeping.
- Chest pain, like someone's sitting on your sternum.
- Back and rib pain like someone's taken a baseball bat to your torso.
- Fatigue like you've never felt before in your life. Fatigue like your body is shutting off.
- Fatigue so bad that it would often make me cry because I thought it might mean I was dying.
- GI problems, diarrhea to severe acid reflux. I had diarrhea every day for two+ months.
- Unbearable nausea.
- Inexplicable rashes.
- For me, little broken blood vessels all over my body.
- For many of us, a constant shortness of breath that doctors can't find an explanation for.
- Neurological symptoms. I had delirium & hallucinations. Many report tingling all over their body, an internal "buzzing" or "vibrating."
- Insomnia & chronic hypnic bodily jerks. One symptom so weird that I thought it was just me, but it turns out it's so many of us.
- Waking up in the middle of the night, gasping for breath.
- Tremors while trying to sleep, like someone was shaking the bed.

This is the latest in a long line of reminders that the novel coronavirus pandemic isn't being overblown by the media. If anything, there isn't enough coverage of just how severe COVID-19 can be.

Coronavirus Survivor: 'You Just Feel Like You Want to Die'

Jennifer Adamson, of Chelsea, Massachusetts, is urging people to take the coronavirus precautions seriously after a fight with the disease put her out of commission for weeks.

"It sounds dramatic, but there are those quiet hours when you're alone and you're really battling that you just feel like you want to die," Adamson said. "It was this invisible monster you knew was around you and you didn't know if you were winning the fight."

Adamson was already a week into her symptoms before she got tested and found out she had the virus. She described the

first day as a “slow motion disaster” with intense body aches and a high fever.

“There were nights the fever was so high and it’s been two or three hours and you’re delirious, exhausted and you’re afraid and you just think you want it to be over,” she said.

Read again the Prophecy (**Revelation 9**), written in the year 96 A.Y., to show the Servants of Yahweh.

The Big Question

With all of that information presented to you, why will you not believe the Creator Yahweh when He shows there will be seven last plagues, how they will end, and how they were caused?

Read again:

Revelation 9:2-6

2 And he opened the bottomless pit; and there arose a smoke out of the pit as the smoke of a great furnace. And the sun and the air were darkened because of the smoke of the pit.

3 And there came out of the smoke locusts upon the earth; and to them was given power, as the scorpions of the earth have power.

4 And it was commanded them that they should not hurt the grass of the earth, neither any green thing, nor any tree—but only those men who do not have the Mark of Yahweh in their foreheads.

5 And it was granted to them that they should not kill them, but that they should be tormented five moons; months; and their torment was like the torment of a scorpion when it strikes a man.

6 And in those days men will seek death, and will not find it; and will long to die, but death will flee from them.

Verse 5 shows the length of the symptoms of virus in each individual is five months.

Verse 6 shows that the coronavirus itself does not kill.

No person could have known these things. The Only Being Who could have known this virus would arise and have those specific traits, is Yahweh Himself. Yahweh is the Only Being Who has the Power to accurately foretell, thousands of years in advance, and have things written for us to read and believe. These things would have guided mankind away from the seven last plagues, and the many other plagues mankind has brought upon themselves for the past 6,000 years.

Isayah 45:18-22

18 For this is what Yahweh, Who created the heavens, Who is *the* Father, Who formed the earth and made it, Who has established it, Who did not create it in vain, Who formed it to be inhabited, says: I *am* Yahweh, and *there is* no other source of power!

19 I have not spoken in secret, in a dark place of the earth;

I did not say to the seed of Yaaqob: Seek Me in vain. I, Yahweh, speak Righteousness! I openly speak things that are right!

20 Gather yourselves together and come; draw near together, you *who have* escaped from the nations. They have no knowledge, who set up the wood of their graven images, and pray to a God (el) *which* cannot save.

21 Speak out, bring *your proofs* near; yes, let them take counsel together. Who has declared this from ancient time? Who has foretold it from that time? Have not I, Yahweh? And *there is* no source of power except Me, a just Father and a Savior; *there is* none but Me.

22 Look to Me, and be saved, all the ends of the earth; for I *am* Yahweh, and *there is* no other source of power.

The seven last plagues will end with the last 3½ years of Daniyl's Prophecy – 12th month 2022.

This time will be cut short, as Yahshua said in:

Mattithyah 24:21-22

21 For then will be Great Tribulation, such as has not come to pass since the beginning of the world to this time—no, nor ever will be.

22 And unless those days were shortened, there would no flesh be saved; but for the Elect's sake, those days will be shortened.
